STRUCTRON®

Superhandle®

JJJ/2595

Structron's dedication to quality has made "Superhandle®" an exceptional value for both the professional contractor and quality conscious homeowner. The combination of Structron's proven craftsmanship and state-of-the-art fibreglass technology outperform all other wood, metal, or fibreglass handled products on the market. Superhandle® products are built for strength and are made from millions of fibreglass strands and continuous strand mats bonded together with a yellow polyester resin. These handles will not conduct electricity and have a "memory" to avoid kinking or denting allowing continuous operation under heavy use. 2 section handle with threaded collar lock.

Part No. CE24, 2 ft. handle extends to 4 ft. overall length.
