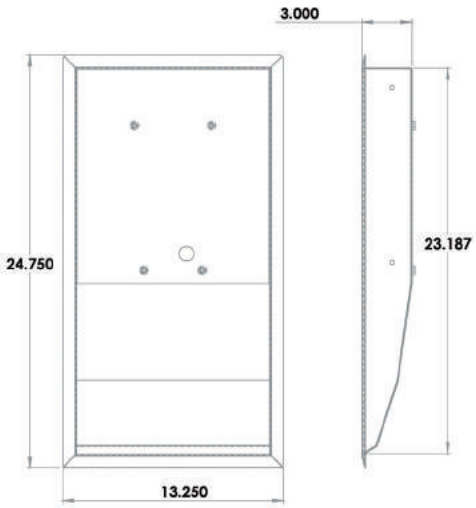
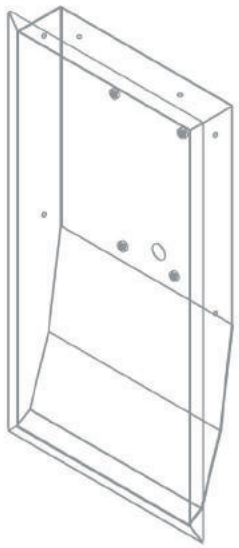
ADA-COMPLIANT STAINLESS-STEEL RECESS KIT

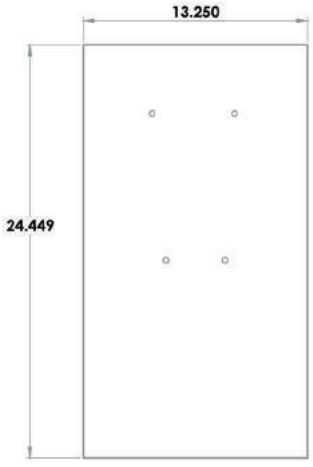
MODEL NO: C-000011031

The Comac Recess Kit is a one-piece stainless steel construction and is very easy to install. If a dryer is not ADA compliant, this recess kit will be mandatory to fit the necessary requirements. It's also perfect to keep your wall clean and as well for hallways and narrow bathrooms.





ADAPTER-WALL PROTECTION STAINLESS STEEL PLATE

MODEL NO: C-000011032


This stainless steel adaptor plate covers the old mounting wholes and wall defects when replacing an old dryer or a paper towel dispenser. It's also adding a renewed, clean and modern look to the old bathroom setup and will help you to keep the wall spotless clean.
