WELDING ACCESSORIES

3651

Polycarbonate Welding Magnifiers (Cheaters)

- Injection-molded in one piece from a special optical grade polycarbonate, reduces eye fatigue and irritation because it is optically correct
- Only magnifier on the market designed for an optimum 12" working distance from the weld instead of the usual 6" distance
- Silicone hardcoating protects the surface from scratches and scuffs

SKU	Size	Diopter
3650.75	2" x 4¼"	.75
