Spout for 5 L pail	53-L 113
Spout for 20 L pail	53-L 207
Faucet for 208 L drum, 2"	53-L 209
Spout for 208 L drum, 3/4"	53-L 210

Coolcut[®] METAL CUTTING LUBRICANT

High performance metal cutting lubricant stands up to pressure and heat to reduce tool wear, prevent tool breakage, increase production rates and improve surface finish.

APPLICATIONS

- ▶ For all machining operations: drilling, sawing, tapping, milling, reaming, broaching, nibbling and shearing
- ▶ Suitable for steel, stainless steel, tough alloys and all other ferrous and non-ferrous metals

BENEFITS

- ▶ Reduces friction and heat for longer tool life and better finish
- ▶ Allows increased feed rates and higher speeds to save time
- ▶ Contains no chlorinated waxes or chlorine

Coolcut[®] S-30 SOLUBLE CUTTING LUBRICANT

Water soluble cutting lubricant specially designed for metal removing operations on all types of ferrous and non-ferrous metals with varying degrees of hardness. Contains extreme pressure additives (EP) with no chlorine.

APPLICATIONS

- ▶ For all drilling, sawing, milling, turning, reaming, broaching, shaping and grinding operations of steel, stainless steel and other non-ferrous metals.

BENEFITS

- ▶ Generates highly stable, fine disperse emulsion
- ▶ Very low foaming
- ▶ Dilutes up to 1:30
- ▶ Allows increased feed, speed and production
- ▶ Excellent corrosion protection

Cutting lubricants

Alucut™ METAL CUTTING LUBRICANT

High performance cutting lubricant specially formulated for use on aluminum and other non-ferrous metals to extend cutting tool life.

APPLICATIONS

- ▶ Circular chop saw, drilling, tapping, jig sawing, nibbling, shearing, portable band sawing

BENEFITS

- ▶ Will not stain
- ▶ Reduces scoring and chatter marks
- ▶ Produces a better finish
- ▶ Ensures high lubricity

Description	Size		Order No.	MSDS	Std. Pkg.
	Metric	Imperial			
Solid stick	300 g	10.5 oz.	53-B 303	L-04E	12

Stainlesscut™ NON-SOLUBLE CUTTING LUBRICANT

Designed for tough metal cutting operations such as stainless steel.

APPLICATIONS

- ▶ Drilling, sawing, milling, turning, reaming, broaching

BENEFITS

- ▶ Well-balanced extreme pressure additive, also suitable for use on other ferrous alloys
- ▶ Excellent lubricity and cooling properties
- ▶ Contains no sulphur or chlorine
- ▶ Easy clean-up, washes off completely with water
