Low Profile IN BOX™ for New Vinyl Siding Construction

One-piece, recessed electrical box with weatherproof-in-use extra-duty cover for new siding applications. Non-metallic cover and base. Accepts most single gang wiring devices and uses standard indoor wall plates or a GFCI cover plate. Box and white cover are textured/paintable. UV rated plastic for long outdoor life.

FEATURES AND BENEFITS

 IN BOX's one-piece assembly replaces the installation of an electrical box, siding block, and bubble cover assembly

DBHS1W

- Installs in the wall, so less of it shows outside
- Outer flange covers cut ends of siding
- Install option: Cover is removable for easier device installation
- No gaskets required

Bug Plugs ship installed in all IN BOX styles to seal unused cord hole openings.
