

COUNTER BRUSHES

Sweep from side to side at arm's length

Counter brushes are handy in many situations; for general use, our wooden counter brushes clear window sills or workbenches of dust and debris. Synthetic blocks are used where high humidity is present.

Wood block

In a dry industrial environment, our wooden handle counter brushes can sweep countertops before dust has a chance to become grime.

WASHROOM ACCESSORIES

Scrubbing and cleaning around the toilet bowl

Cleaning toilets may not be the most glamorous job, but having the right tools means you can get in and get out fast, leaving a clean washroom behind you.

BOWL BRUSHES

These brushes are best for cleaning urinals or the underside of the toilet rim where it is difficult to clean.

item	description	pack
25	turks head (urinal) , polypropylene	10
824	twisted-in-wire, polypropylene	20
924	twisted-in-wire, natural tampico	20
1150	hydro plunger	12

25 824 924 1150

These brushes are the best solution for cleaning toilet bowls without scratching vitreous china.

BOWL ACCESSORIES

Hood slides down to help protect the user.

Designed to hold swabs.

823 816 908 906 910

The round toilet brush is our most popular medium/coarse fibre scrub. The acid-resistant swabs are safer to use when chemicals are applied because there is no "flicking" action. Both styles of swabs are designed to release liquid quickly to minimize dripping.
