

SMARTWASHER® PARTS CLEANING SYSTEM

STAINLESS STEEL CLEANER & POLISH

Using an exclusive ultra shine formula, HYDROFORCE Stainless Steel Cleaner & Polish eliminates dirt, dust, fingerprints and watermarks and leaves behind a protective, non-greasy barrier that resists the return of these stains.

- Industrial strength
- Non-flammable
- Ready to use
- Non-corrosive and non-ozone depleting
- **Accepted for use in Canadian Food Processing Facilities**

| Part Number | Container Size | Units Per Case |
|-------------|----------------|----------------|
| 74424 | 510g aerosol | 12 |

GLASS CLEANER

Versatile enough to use on your most delicate glass surfaces, but strong enough to quickly cut through the toughest dirt, dust, fingerprint and haze deposits without streaking. Its ammonia-fortified formula contains a foaming agent for greater coverage and less run-off when cleaning vertical surfaces. CRC Glass Cleaner is nearly twice as effective at eliminating streaks as other leading brands.

- For professional strength, streak-free glass cleaning
- Non-abrasive foaming action
- Non-flammable, non-ozone depleting
- Biodegradable
- **Accepted for use in Canadian Food Processing Facilities**

| Part Number | Container Size | Units Per Case |
|-------------|----------------|----------------|
| 73100 | 510g aerosol | 12 |

SMARTWASHER®

SmartWasher is a self-contained, self-cleaning system that is completely safe, non-toxic and generates no hazardous waste without compromising cleaning ability. SmartWasher uses the process of bioremediation – the accelerated break down of organic compounds such as grease, grime, varnish, oil, carbon and other heavy industrial soils through the use of nonpathogenic microbes.

The microbes, suspended in fluid that recirculates through the unit, literally eat their way through soils, converting them into harmless water and Carbon Dioxide (CO₂).

The solution remains clean and reusable. Disposal becomes a non-issue, as hazardous waste streams are eliminated. This non-hazardous process does away with the need for regulatory paperwork.

The SmartWasher System consists of a sturdy, impact resistant, self-contained washing unit with a flexible nozzle and brush that direct warmed cleaning fluid for parts washing.

The fluid works in conjunction with a special microbe impregnated filter to effectively clean the dirtiest parts. Both units require 95L of SmartWasher fluid and one filter for start-up.

SMARTWASHER® 41

Has a large 20cm H x 104cm W x 61cm D sink that removes for easy cleaning, and side mounted electronic control panel.

| Part Number | Size |
|-------------|----------------------------|
| 14144 | 124cm H x 119cm W x 91cm L |

SMARTWASHER® 28

Has an 20cm H x 71cm W x 43cm D sink that removes for easy cleaning, and a side mounted electronic control panel.

| Part Number | Size |
|-------------|----------------------------|
| 14145 | 124cm H x 107cm W x 91cm L |

SMARTWASHER® CLEANING SOLUTION

Aqueous, pH neutral, non-corrosive, non-flammable, biodegradable and contain no VOCs. Solutions work in conjunction with filters when warmed to 41°C by the units.

INDUSTRIAL GRADE

- Removes the toughest industrial soils with minimal odour.

| Part Number | Container Size | Units Per Case |
|-------------|----------------|----------------|
| 14148 | 19L jug | 1 |

AUTOMOTIVE & INK GRADE

- Removes printers ink and automotive carbon and varnishes.

| Part Number | Container Size | Units Per Case |
|-------------|----------------|----------------|
| 14156 | 19L jug | 1 |

SMARTWASHER® PREMIUM GRADE FILTER

Remove dirt and residue particles down to 50 microns. Filter must be used for proper cleaning and operation of SmartWasher System.

Works with all fluids and contains 50% more microbes for maximum bioremediation.

| Part Number | Units Per Case |
|-------------|----------------|
| 14147 | 6 |
