

### White Lithium Grease ▲

A high purity, NLGI Grade 2 white lithium grease. Excellent water and heat resistance for use in any weather or temperature. Makes surfaces friction resistant and protects against corrosion. Ideal for metal to metal applications. Will not break down or run out.

14200 284 g aerosol 12/cs

### Power Lube Multi-Purpose Lubricant

All-in-one product quickly cleans, penetrates, lubricates, and protects against corrosion. Stops squeals and loosens rusted parts. Clings to surface to deliver long-lasting lubrication with less mess. Displaces moisture. Low odor.

75005	312 g aerosol	12/cs
75007	3.785 L bottle	4/cs
75009	19 L pail	1 each
05011	208L drum	1 each

### Nickel Anti-Seize & Lubricating Compound

Nickel-based formula that is free of copper, lead, sulfides and chlorides. Extremely high temperature and excellent chemical resistance. Effective up to 1315°C. Brush-top cap.

72911 227 g brush-top bottle 12/cs

### Heavy Duty Silicone Lubricant ▲

Clear, non-staining film lubricates metal, rubber, nylon and wood to eliminate squeaks and binding caused by friction. Water resistant film perfect for applications exposed to the elements.

75074 213 g aerosol 12/cs

### Freeze-Off® Super Penetrant

Immediately drops the temperature of the area in direct contact with the spray. The freezing effect cracks rusted surfaces, allowing the lubricating solvent to penetrate faster and work more effectively than the competition. Low VOC formula.

75222 326 g aerosol 12/cs

### Knock'er Loose™ Penetrating Solvent

Low viscosity lubricant and penetrant designed to quickly loosen and free seized, bound or frozen fasteners. It quickly dissolves rust, scale, gum, grease and corrosion. Lubricates and prevents rust.

73020 369 g aerosol 12/cs

### Screwloose™ Super Penetrant ▲

Super-fast, powerful, concentrated penetrating solvent. Attacks and penetrates tough rust, gum and corrosion on contact to free corroded fasteners and mechanical components.

75330 312 g aerosol 12/cs

### Dry Graphite Lubricant ▲

A dry film lubricant that is ideal for applications where petroleum products must be avoided. Dry Graphite Lube bonds instantly to metal, rubber, plastic and most substrates to form a dirt repelling barrier that lubricates and protects the surface from pressure and friction.

75101 320 g aerosol 12/cs

### Kool Tap™ FOAMY Cutting Fluid

Excellent extreme duty cutting fluid developed for ease of application. Works well on both ferrous and non-ferrous metals. Foaming action penetrates deep into the cut to extend cutting tool life and promote a superior finish.

74410 369 g aerosol 12/cs

### Copper Anti-Seize Aerosol & Lubricating Compound

A general purpose anti-seize lubricant that prevents seizing caused by high temperature, heavy loads, vibrations and corrosion. Copper based, safe for use on ferrous and non-ferrous metals. Electrically conductive - does not insulate or interrupt current flow.

72095 340 g aerosol 12/cs  
72901 227 g bottle 12/cs

### Roll-Up Door Lubricant

Prevents friction and wear. Its unique viscosity allows it to cover more surface area and penetrate deep into the surface of all metal components found on roll-up and overhead doors. Displaces moisture, improves equipment life.

74029 312 g aerosol 12/cs

### Heavy Duty Corrosion Inhibitors

#### SP-400™ Corrosion Inhibitor

Long term indoor/outdoor corrosion inhibitor (up to 2 years outdoors). Firm, waxy film is highly resistant to corrosive atmospheres.

73282 ▲	284 g aerosol	12/cs
73286	19 L pail	1 each
03288	208 L drum	1 each

#### SP-350™ Corrosion Inhibitor

Superior lubrication and heavy duty corrosion protection for metal parts and assemblies stored indoors (up to two years). Withstands up to 567 kg of pressure in Falex test method.

73262	312 g aerosol	12/cs
03266	19 L pail	1 each
03268	208 L drum	1 each

▲ This product is very flammable. Do not apply while equipment is energized.
