ECONOMICAL D-350 ANTI-SPATTER COMPOUND

- Non-toxic.
- Non-flammable.
- Surfactant based.
- Biodegradable.
- Paint Compatible.
- Water Soluble.
- No silicones.
- Private label programs available.
- Available in 1, 5, and 55 gallon container.

AQUA SHIELD ENVIRONMENTALLY SAFE WATER BASED ANTI-SPATTER COMPOUNDS

Aqua-Shield is a revolutionary new anti-spatter and nozzle shield for the welding industry, specifically designed to provide a safe working environment for users of this product. This unique formulation contains no chlorinated solvents and is non-toxic. This product prevents weld spatter from adhering to mig nozzles, contact tips and related accessories, as well as an excellent spatter preventative in the weld area of metals to be joined. This product is paint compatible and any residual spatter maybe brushed or wiped away before painting.
