470

### Intended Use

Recessed incandescent housings for 2x8 and 2x6 new construction (L3 and L3LED T24) or remodel (L3R and L3RLED T24) applications. Approved for direct burial in insulation and all ceiling and wiring types.

### **Features**

- Recessed housing rated IC/NON-IC for new construction or remodel applications
- L3 and L3LED T24: Air-tight, galvanized steel pan with aluminum can and junction box
- L3R and L3RLED T24: Air-tight, aluminum housing with heavy-gauge galvanized steel raceway arm utilizing remodel clips for installation in plaster, sheetrock or mechanical ceilings

- · Retaining clips are riveted to top of reflector to hold trim inside housing
- Two side-mounted torsion springs on the trim and two receiving brackets in the can ensure a tight fit
- Suitable for ceilings up to 1 1/2" thick
- 120V applications
- Compatible with Acculamp™ LED lamps; see pages 1044-1049 for options

UL Listed to U.S. and Canadian safety standards.

# **Featuring** acculamp.
