Cat No: 1917-SS

UPC No: 783310013600

Description

- High grade stainless steel lasts 5X longer
- Precision ground stripping holes offer easy, consistent jacket removal
- Strips 16-26 AWG Solid and 18-28 AWG stranded conductors
- Multiple functions include plier nose, strippers, cutter, looping holes and spring back with low profile lock
- High Grade knives resist chipping and marring
- Looping holes and serrated nose for bending, pulling and shaping wires
- Long-life spring and low-profile lock for quick, repetitive stripping and cutting
- Vinyl cushion grip resists slipping and has an ergonomic fit
