# **Beam Clamps**

Our beam attachments and pipe supports offered in this section are designed to provide supports without drilling or welding. A complete selection of beam clamps, pipe clamps, rollers, supports and accessories are designed for use with our channels and offer many installation advantages.

### Materials & Finishes (Unless otherwise noted)

Pipe clamps, pipe hangers, beam clamps, brackets, and rollers are made from low carbon steel strips, plates or rod unless noted.

Note: A minimum order may apply on special material and finishes.

#### **Load Data**

The load data published includes a safety factor of 5.0 unless noted (safety factor = ratio of ultimate load to the design load).

# Recommended Torque For Setscrews (unless noted)

See chart on page 73 for recommended torquing of bolts (not setscrews).
