

# Watertight locking devices

## Innovative solutions for watertight locking applications

Arrow Hart's watertight locking devices utilize a unique, robust design and superior materials to provide watertight security in harsh environments

## Watertight receptacles, plugs & connectors features & benefits

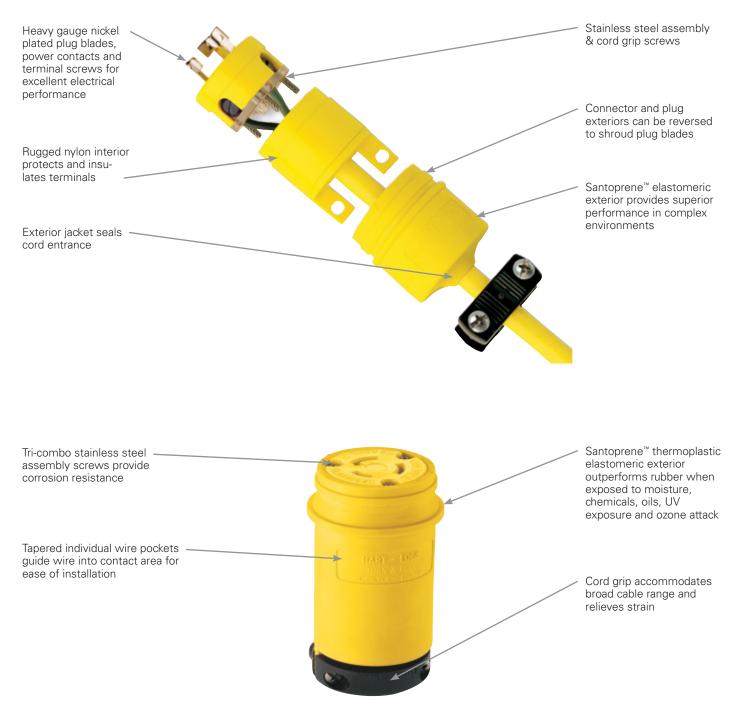

# Severe duty locking devices

### Heavy duty devices for industrial applications

Arrow Hart's unique line of severe duty locking devices are designed and built tough for use in demanding environments with exposure to heat, oil, chemicals, and impact

## Severe duty plugs & connectors features & benefits

Compliances, specifications and availability are subject to change without notice.

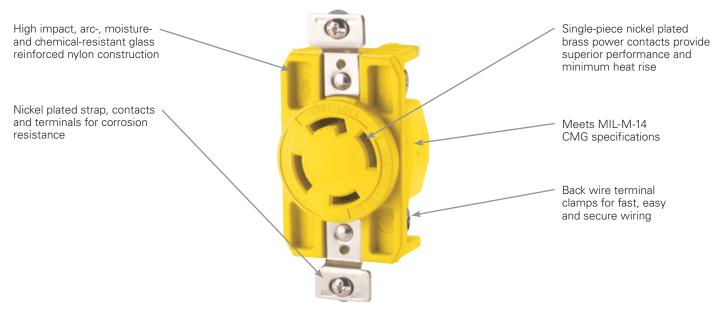

# Corrosion resistant locking devices

#### Designed specifically for longevity in harsh, corrosive environments

Perfect for industrial or commercial applications, corrosion resistant locking devices are engineered to deliver long, dependable performance in moisture, humidity, and corrosive environments

## Corrosion resistant receptacles features & benefits

## Corrosion resistant plugs & connectors features & benefits

Santoprene<sup>™</sup> grommets ensure watertight seal at cord entrance

Compliances, specifications and availability are subject to change without notice.
