

STRAIGHT BLADE RECEPTACLES

Twist, click, screw, DONE.

Your productivity gains being at rough-in.

Instead of making pigtails, simply connect the pre-stripped PlugTail™ Connector leads. In one simple step, you're ready for fast, easy device installation at any time.

Device installation takes less than a minute.

Just plug the connector into the PlugTail device.

- no preparing, stripping or looping the conductors
- no taping terminals
- no mistakes resulting in rework or callbacks

A faster, more reliable installation.

PlugTail installation is three times faster than conventional device installation – saving you the most time at the end of the project when you're fighting completion pressure. With no exposed terminals, you can power-up and test a circuit at any time once the connectors are installed.

Whether the work is done by a first-year apprentice or by your most experienced installer, every PlugTail device will be installed correctly.

Happier installers. Happier customers.

Because PlugTail installation's a lot easier on the knees and fingers, your installers benefit. And because it delivers dependability, quality and easier, safer service for years to come, your customers benefit, too.

STRAIGHT BLADE RECEPTACLES

PlugTail™ Extra Heavy-Duty Specification Grade Receptacles

PT5362AW
 Duplex Receptacles

- A. Auto-ground clip** ensures positive ground.
- B. Exclusive patented feature, circuit label on face** allows permanent circuit identification.
- C. .036 inch thick, brass, triple-wipe power contacts** for lasting retention.
- D. Strap tabs wrap around and lock down on face** to prevent strap from separating from face and back body.
- E. No exposed terminals** create a finger-safe application before, during, and after installation.
- F. Built-in connector** features large brass terminal blades to ensure consistent, reliable electrical connections.
- G. Large crimped and welded brass contacts** snugly terminate on device blade terminals.
- H. Ultrasonically welded polycarbonate connector housing** secures terminations and conductors in a UL Listed, finger safe housing. Audible snapping latch assures connection, allows release.
- I. Exclusive patented feature, circuit label on back** allows permanent circuit identification.
- J. Pre-stripped connector leads** fasten to conductors, easier than standard pigtails.

Two drive screws anchor strap to back body and face.

Tamper-resistant version features dual mechanical shutter system to help prevent insertion of foreign objects.

STRAIGHT BLADE RECEPTACLES

Specification Grade Single Receptacles 15 & 20A, 125 & 250V

Features

- Auto-ground clip assures positive ground.
- Two drive screws anchor strap to back body and face where abrupt removal torque is greatest.
- Heavy-duty, corrosion-resistant zinc-plated steel strap for added strength.
- One-piece brass triple-wipe power contacts for lasting retention.
