PRODUCT CODE: CL106P-114WM-PF3N **4 INCH APERTURE CLOSET LIGHT SURFACE MOUNT** 

PRODUCT DESCRIPTION

The New Etlin-Daniels Ultra-Low-Profile LED Closet Light CL106P-114WM-PF3N offers the latest in compact design, energy savings, performance and auto on/off function with the improved range built-in PIR Sensor. At only 1" in depth and 5.7" in width, and with our new metal-backed housing to better dissipate what little heat the diode array may produce, and with frosted polycarbonate diffuser, our new Closet Light is a serious upgrade from our previous 9W version. The new design with 14.5W and 900lm also has an upgraded PIR sensor built in to ensure that lighting is not accidentally left on in whatever application you choose for this fixture. The dual sized and pre-cut keyless slot rear profile allows for quick mounting to both 3" and 4" j-boxes. The new 114WM design is the perfect solution to illuminate closets, garbage rooms, small storage rooms, basements, residential garages - anywhere a typical fixture may be left on when the space is vacated. The ultra-thin housing will not impede any activity in the small space and the new 900lm light levels will better provide proper light levels for not only storage, but also function.

FEATURES

- LED Indoor Light Source
- Surface mount, low profile - 1" housing.
- Frosted polycarbonate lens for even illumination.
- Damp location rated.
- Reaction range - 100° / Reaction distance 4 meters.
- Keyless slot mounting to j-box.
- PIR Sensor built in.
- 5 year warranty.
- L70 - 50,000 hours.
- Energy Star certified.
