

BEACON 360° 360° WIDE AREA LED LIGHT

The Beacon360 is an incredibly bright LED area light that casts light in 360° and upwards, illuminating entire rooms and entire work areas.

Ideal for construction, military, first responders and shutdowns, the Beacon360 is durable, rugged, easily transportable and will provide the lighting power you need instantly, every time.

Replace any 400W metal halide light with the Beacon360 for a safer and smarter lighting solution in any application. Far superior to the Wobblelight®, the BEACON 360° utilizes the latest advancements in LED technology to provide a bright, uniform light in a rugged, yet compact portable design.
