Specifications

ELECTRICAL

Watts: 100
Voltage: 100-347VAC
Power Factor: >0.9
Operating Temp. Range:
 -40°F to 131°F

LIGHT

Initial Lumens: 12600
Lumens per Watt: 126
Color Temperature:
 4000K
CRI: >80

AGENCY APPROVALS

cUL: Yes
UL: Yes
RoHS: Yes

PRODUCT DETAILS

Lens: Glass
Warranty: 5 years
Fixture
Rated Life: 50,000 hours
Weight:
 11.41 lbs
Dimensions:
 14.2" L x 9.4" W x 9.8" H

Traditional LED Wall Pack

12600 Lumens, 100 Watt, 4000K, 100-347V

ORDER CODE:
 11352

MODEL NUMBER:
 WPT10040BK5

PRODUCT DESCRIPTION

EarthTronics Traditional LED Wall Packs provide exterior, wide-flood area illumination for commercial, industrial and municipal facilities. Available in 100 watt with 4000K color of light, these fixtures provide 12600 lumens. The 100 watt models are built in a standard size with an aluminum alloy housing with a standard bolt pattern. The LED Traditional Style Wall Pack uses Lumiled LED chips and drivers to deliver a quality, energy saving lighting solution. The 4000K color temperature offers building managers the opportunity match existing HID lamps and to reduce the blue light spectrum often associated with higher color temperatures. The wall packs provide more than 126 lumens per watt and a high 80+ CRI for improved visual acuity and efficient performance. The design is built to withstand all climates and allows for an extreme temperature range, even operating down to -40 degrees C°, and is IP65 approved for outdoor wet applications.

PRODUCT FEATURES

- + 100-347VAC
- + Easily replace existing wall packs for wide area illumination
- + Tempered and impact resistant clear prismatic borosilicate glass lens
- + Die cast aluminum housing provides long life in commercial installations
- + 12600 lumens, 126 lumens per watt
- + 110° light pattern provides for wide flood distribution
- + IP65 rated for outdoor use
- + Photocell built in

APPLICATIONS

- + Commercial Building
- + Industrial
- + Municipal Facilities

Please consult installation instructions for proper application and use of this fixture.
