

PURELL® ADVANCED HAND RUB

SETTING A NEW STANDARD IN SKIN CARE

OUTPERFORMS OTHER HAND SANITIZERS¹

There's a perception that all instant hand sanitizers are created equal. It's just not true. PURELL Advanced Hand Rub outperforms other leading hand sanitizers¹ delivering the most powerful, advanced antimicrobial kill while maintaining skin moisture.^{4,5} Milliliter for milliliter, nothing is more effective at killing germs or protecting skin than PURELL Advanced Hand Rub.

Enhanced Product Line Upgrade

Developed with just 70% ethyl alcohol, the patent-pending formulations of PURELL ADVANCED Hand Rub provide unprecedented germ kill while soothing hands^{4,5} and maintaining skin health.

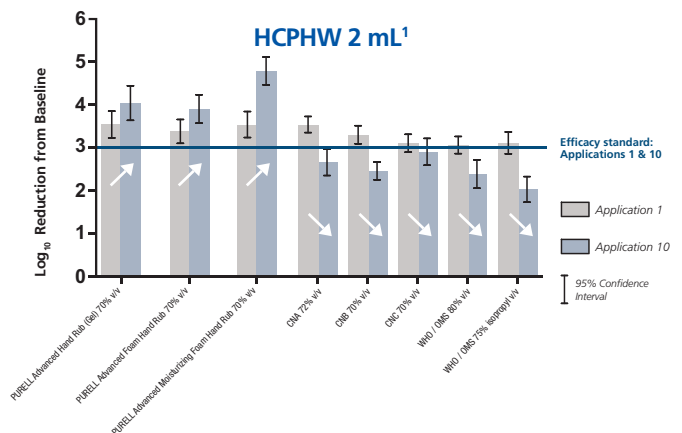

- Fragrance free, dye free formulations
- Available in gel and foam formats and touch free or manual dispensing options
- Green Certified – meets the ECOLOGO® hand sanitizer standard for environmental leadership and proven performance
- Hypoallergenic, CHG compatible and latex and nitrile glove compatible

Unmatched Effectiveness

- Provides unprecedented germ kill in every milliliter¹
- Kills harmful bacteria or germs on hands, not just in a test tube²
- Delivers better germ kill with less product³

Skin-Friendly Formulations

- Enhanced with skin-conditioning agents to help maintain skin health and skin moisture while improving overall skin feel
- Proven formula to improve skin condition in 14 days^{4,6}

Competitor product names have been masked. These ABHR products are identified as Canadian Competitor A (CNA), etc. Though names are masked, the alcohol volume of each product is identified.

- 4 out of 5 healthcare workers said PURELL ADVANCED Moisturizing Foam left their hands feeling soft^{4,5}

The Science Behind PURELL Advanced Hand Rub

Product Benefits	PURELL Advanced Hand Rub	Your Hand Sanitizer
Kills most of germs on hands ²	✓	?
Approved for Commercial Use*	✓	?
Exceeds HCPHW at 2.0 mL ¹	✓	?
One pump meets guidelines for ABHR dry time ⁷	✓	?
Maintains skin health and improves overall skin feel	✓	?
Available in multiple foam formats and gel	✓	?

PURELL Advanced Hand Rub is a scientific breakthrough based on strengthening the power of alcohol so it can penetrate the cell membrane more effectively, maximizing its destructive power. At the same time, these formulations enhance the skin of even the most frequent users. PURELL Advanced formulations have greater bacteria killing power and are more effective with repeated use.

GET THE DATA!

It's important to obtain scientific data supporting product efficacy to differentiate between products and make informed decisions. For efficacy questions on PURELL Advanced formulations, email TIP@GOJO.com or call 1-800-321-9647.

PUT THE POWER OF PURELL® ADVANCED HAND RUB WHEREVER YOU NEED IT

Available in Formats and Dispensing Systems to Meet All Needs

This full range of options helps ensure control of pathogens and good skin health in even the most demanding environments.

PURELL Advanced Foam Hand Rub

- Enhanced with four skin-conditioning agents to help maintain skin health
- 4 out of 5 healthcare workers said it was soothing to their skin^{4,5}
