

GARDEN & WASHDOWN HOSE ASSEMBLIES

Water

50 & 100 ft assemblies are packaged for retail display

G1033 Assembly

EVERYTHING YOU WANT IN A GARDEN HOSE...

A very soft, supple feel... unlike most garden hoses the hose coils and uncoils easily and completely. A drinking water safe hose, the tube is made of FDA approved, phthalate free materials. True cold weather flexibility, this hose will remain flexible even in the coldest weather. Stays flexible to -40°C (-40°F)

G1033...PREMIUM WATER HOSE

I.D.	Length (ft)	Part Number	Weight Each (lb)	PRICE EACH

	100	G1033-063GHT100	22.0	210.00

G1331 Assembly

G1331... BLUE AQUA®

BLUE AQUA® has been a top seller for 25 years. This robust, kink resistant product coils well in cold weather and looks attractive after years of tough service. Rated to -25°C.

I.D.	Length (ft)	Part Number	Weight Each (lb)	PRICE EACH
1/2"	25	G1331-050GHT25	5.0	\$44.50
	50	G1331-050GHT50	9.7	74.90
	75	G1331-050GHT75	14.5	109.50
	100	G1331-050GHT100	19.2	136.30
5/8"	25	G1331-063GHT25	5.5	60.60
	50	G1331-063GHT50	10.7	109.70
	75	G1331-063GHT75	16.0	158.20
	100	G1331-063GHT100	21.2	205.40
3/4"	25	G1331-075GHT25	7.5	81.60
	50	G1331-075GHT50	14.7	145.70
	75	G1331-075GHT75	22.0	209.60
	100	G1331-075GHT100	29.2	274.80

Note: Thermoplastic and PVC hoses soften when exposed to heat. For hot water applications, use rubber hose.

GARDEN & WASHDOWN HOSE ASSEMBLIES

G300 Assembly

G300... GARDEN SOAKER

Ideal for residential irrigation, G300 slowly releases water throughout the hose directly into the soil delivering a consistent stream for efficient watering. The weather-resistant, 100% recycled flexible vinyl material allows this hose to be used above ground or buried and ensures water does not pool on top of the soil, but instead is absorbed at a steady rate.

I.D.	Length (ft)	Part Number	Weight Each (lb)	PRICE EACH
5/8"	50	G300-063 GHT50	5.4	\$37.10

G311 Assembly

G311... INDUSTRIAL WATER

INDUSTRIAL WATER is a traditional true synthetic rubber hose used everywhere by contractors and homeowners who want a real rubber product. The best choice for hot water applications. Rated to -40°C.

I.D.	Length (ft)	Part Number	Weight Each (lb)	PRICE EACH
1/2"	25	G311-050GHT25	5.0	\$46.20
	50	G311-050GHT50	9.7	76.40
	75	G311-050GHT75	14.5	115.60
	100	G311-050GHT100	19.2	140.50
5/8"	25	G311-063GHT25	6.0	53.50
	50	G311-063GHT50	11.7	90.90
	75	G311-063GHT75	17.5	140.60
	100	G311-063GHT100	23.2	168.80
3/4"	25	G311-075GHT25	8.5	69.40
	50	G311-075GHT50	16.7	123.60
	75	G311-075GHT75	25.1	181.50
	100	G311-075GHT100	33.2	239.10

G901Y Assembly

G901Y... PRO WATER

PRO WATER is popular as a municipal hose with high visibility and lightweight construction.

Note: Thermoplastic and PVC hoses soften when exposed to heat. For hot water applications, use rubber hose.
