

## Cordless innovation is more than just bigger batteries. It's about creating battery technology and motor engineering that work together for optimum performance

Since the Launch of 18V LXT in 2005, Makita has been leading the way in Cordless Tool innovation and technology. 18V LXT provides consumers with not only the largest range on one battery, it also provides consumers with the most reliable and efficient tools available.

Our vision as a Company is to provide consumers with a battery solution for all applications across Building Construction, Industrial, Outdoor Power Equipment and Commercial Cleaning Channels.

In keeping with our vision. Makita is ready to lead the way once again in 2020, we are excited to announce the launch of our new XGT 40V battery system that will coexist with LXT and continue towards our vision of a battery solution for all applications!

Makita will continue to invest heavily in LXT, and there is a tremendous roadmap of new LXT products in the pipeline for trade users in all segments. The LXT Advantage seamlessly utilises a single battery across hundreds of products, with the ability of added power by using two 18 volt batteries in select products with X2. This is a simple concept that has revolutionised how work is done on job sites.

The introduction of a charging adapter has enabled consumers to charge both LXT and XGT batteries when using the XGT charger

## 320+ SOLUTIONS

## XGT CORDLESS BENEFITS

**HIGH BATTERY OUTPUT**

**FUTURE PROOF**

**SMART TECHNOLOGY**

**DURABLE**

### HIGH BATTERY OUTPUT

XGT is a genuine solution for high demand Industrial applications. A combination of innovative tool design and higher output batteries, providing a genuine solution for high demand industrial users as well!

### FUTURE PROOF

XGT and LXT will co-exist to provide users with an unmatched line-up of cordless tools for professional trade applications all the way up the high demand Industrial applications.

The introduction of a charging adapter has enabled consumers to charge both batteries when using the XGT charger. Makita will continue to develop and release new LXT tools for professional trade applications and the introduction of 40V Max will provide consumers with a genuine solution for high demand Industrial applications.

### SMART TECHNOLOGY

The XGT range of tools and batteries come with a built-in program, providing digital communication between the battery and tool. Allowing not only for the battery to talk to tool but also the tool to talk to the battery. This Provides Makita XGT a foundation to adapt to even higher technology advances in the future.

The incorporation of tool design, higher output batteries and built in communication program makes XGT the best high demand system on the market, reinforcing the leadership role Makita has when it comes to innovation and technology.

Makita XGT is a genuine LONG-TERM SOLUTION!

### DURABLE

XGT is durable and built to perform!

Reliable tools are a must for all professional applications, none more so than high demand industrial applications.

XGT is built tough. The batteries are designed to include impact absorbing padding and a heavy-duty outer casing. The tools them self-have been built to include added housing and battery terminal strength.

XGT batteries and tools are also built to withstand tough environmental conditions. The batteries and selected tools have been submitted for approval to qualify for IPX4 water resistance protection. This means that they have been built to be withstand splashing or spraying water from any angle.

The tough XGT construction and water-resistant design is supported by a charging system that charges batteries in as little as 28 minutes. Further making the XGT platform the most reliable on the market. XGT is durable and built to perform!

# MAKITA XGT LINEUP

**40V MAX Li-Ion Brushless  
1/4" Impact Driver**

TD001GM103 (Combo Kit)\*  
TD001GZ (Tool Only)

**40V MAX Li-Ion Brushless  
1/2" Hammer Drill / Driver**

HP001GM102 (Combo Kit)\*  
HP001GZ (Tool Only)

**40V MAX Li-Ion Brushless  
1/2" Drill / Driver**

DF001GM102 (Combo Kit)\*  
DF001GZ (Tool Only)

**40V MAX Li-Ion Brushless  
Reciprocating Saw**

JR001GM101 (Combo Kit)\*  
JR001GZ (Tool Only)

**40V MAX Li-Ion Brushless AWS  
7-1/4" Circular Saw**

HS003GM103 (Combo Kit)\*  
HS003GZ (Tool Only)

**40V MAX Li-Ion Brushless  
7-1/4" Circular Saw  
with Guide Rail Base**

HS004GZ (Tool Only)

**40V MAX Li-Ion Brushless  
1-1/8" Rotary Hammer**

HR001GM101 (Combo Kit)\*  
HR001GZ (Tool Only)

**40V MAX Li-Ion Brushless  
AWS AFT 1-1/8" Rotary Hammer**

HR003GM102 (Combo Kit)\*  
HR003GZ (Tool Only)

**40V MAX Li-Ion Brushless  
5" Angle Grinder (Slide Switch)**

GA005GM102 (Combo Kit)\*  
GA005GZ (Tool Only)

**40V MAX Li-Ion Brushless  
5" Angle Grinder (Paddle Switch)**

GA013GM102 (Combo Kit)\*  
GA013GZ (Tool Only)

**40V MAX Li-Ion Brushless  
AWS 5" Angle Grinder  
(Slide Switch / Variable Speed)**

GA023GZ (Tool Only)

**40V MAX Li-Ion Brushless  
AWS 5" Angle Grinder  
(Paddle Switch / Variable Speed)**

GA029GZ (Tool Only)

**40V MAX Li-Ion Brushless  
3/4" Impact Wrench**

TW001GZ (Tool Only)

**40V MAX Li-Ion Brushless  
9-1/4" Fan**

CF001GZ (Tool Only)

**40V MAX Li-Ion Batteries**

BL4040 (40V MAX 4.0 Ah)  
BL4025 (40V MAX 2.5 Ah)

**40V MAX Li-Ion  
Charger & Adapter**

DC40RA (XGT Rapid Charger)  
ADP10 (XGT / LXT Charger Adapter)

**\*COMBO KIT INCLUDES:  
One 40V (4.0 Ah) MAX Battery  
& 40V MAX Rapid Charger**
