

RPB Fabrication & Welding Range

As the respiratory protection brand, we seek to revolutionize how you experience your workday by creating respiratory equipment that makes you safer and more productive, enabling you to push the boundaries of your profession.

In our mission to protect you for life's best moments, we've grown to become the commanding power in respiratory protection across heavy industries with over 40 years' experience helping you to breathe better.

The RPB Fabrication and Welding Range is the world's most advanced protection for industry professionals. Consisting of supplied and powered air respirators, air monitoring, filtration and safety essentials, RPB takes care of your safety, so you can focus on the job at hand.

As we embark on a new frontier in respiratory protection, join the movement to build a better, safer, healthier future for the next generation of industrial workers.

| Top-rated feature | Can be used for multiple applications. | Removable weld visor, hard hat. | High heat resistant. | Lightweight, even weight distribution. | ADF clarity. |

RPB® Z-LINK® RESPIRATOR

Complete versatility.

The RPB Z-Link offers numerous configurations so you can wear it your way. From grinding and welding (with the Z-Link+), to smelting in high heat environments (with the Z-Link Radiant Heat) the Z-Link serves as the most versatile respirator on the planet. Designed with your comfort in mind, the Z-Link ensures you'll always be protected for life's best moments.

The Z-Link's large visor acts as the framework for multiple accessories to easily transform your protection to suit your environment. With the visor's widened perspective this provides operators with an exceptional downward and peripheral field of view and with the hinge visor opening, this gives operators the ability to easily communicate outside the work environment. With 5 lens options (including a shade 5 lens), the Z-Link also lends itself to arc spraying.

To further increase your comfort and stability, the Z-Link can also be fitted with the Comfort-Link™ padding system. Experience complete protection and versatility with the RPB Z-Link.

The Z-Link offers the user superior protection in all key areas:
