

ELMER'S – Glue Products

GLUE-ALL™ MULTI-PURPOSE WHITE GLUE - WORKSHOP GRADE

- Strong and versatile, it sets fast and dries to a clear lasting bond
- Ideal for wood, paper, cloth, and all porous materials
- Easy water clean-up
- Shatter-resistant plastic squeeze bottle
- No-clog twist open/close cap
- Non-flammable, non-toxic, no harmful fumes

Part No.	Size
60345	40 mL bottle
60355	120 mL bottle
60359	225 mL bottle
60375	475 mL bottle
60385	950 mL bottle
60395	3.8 L jug

60355

CARPENTER® WOOD GLUE - INTERIOR

- Ideal for cabinets, furniture and other projects
- Bonds all hard and soft wood surfaces and bonds stronger than wood itself
- Strong wet tack
- Sandable and paintable
- Easy water clean-up

Part No.	Size
60615	118 mL bottle
60613	236 mL bottle
60617	473 mL bottle
60618	950 mL bottle
60619	3.8 L jug

60615 60617

PROBOND® MAX WOOD GLUE - CONTRACTOR'S GRADE - INTERIOR/EXTERIOR

- Longer set time ideal for multiple-piece projects
- Superior sanding
- ANSI Type I Waterproof
- Easy water clean-up
- Resist heat, mold, and mildew
- Bond is stronger than wood
- Sandable, paintable, and stainable

Part No.	Size
69221	236 mL bottle
69222	473 mL bottle
69224	3.8 L jug

69222 69224

ULTIMATE™ POLYURETHANE HIGH PERFORMANCE GLUE - CONTRACTOR GRADE

- Interior/Exterior glue
- Bonds metal, stone, wood and more
- Professional strength
- Sandable and paintable
- 100% waterproof

Part No.	Size
69416	236 mL bottle
69417	473 mL bottle

69417

ALL PURPOSE INSTANT KRAZY® GLUE

- Great for everyday household repairs
- Carded

Part No.	Size
10100	1.9 mL tube
10130	4 mL pen
10330	2 mL gel, perfect for filling gaps on uneven surfaces and is ideal for porous surfaces

10100

ADVANCED FORMULA INSTANT KRAZY® GLUE

- Provides an extra strong, durable shock-resistant bond that resists bump and vibrations
- Carded

Part No.	Size
10300	1.9 mL tube
10466	3.8 mL gel, perfect for filling gaps on uneven surfaces and is ideal for porous surfaces

10300

SKIN GUARD™ INSTANT KRAZY® GLUE

- Delivers the same strong bond as the original Instant Krazy Glue, but it will not bond skin instantly!
- Skin Guard typically takes between 30 to 60 seconds for skin bonding to occur, compared to less than 15 seconds for All Purpose Krazy Glue
- Carded
- 1.9 mL tube
- Part No. 10785.

LOCTITE® – Adhesives

380™ TOUGHENED INSTANT ADHESIVE

- Elastomer-modified instant adhesive
- Bonds metal, rubber, and plastic
- Excellent peel, impact and shear strength

Part No.	Size
38004	3 g tube
38050	1 oz. bottle

38050

401™ SURFACE INSENSITIVE INSTANT ADHESIVE

- Designed for the assembly of difficult-to-bond materials which require uniform stress distribution
- Particularly suited for bonding a wide range of materials including metals, plastics, and elastomers
- Formulated for faster cure speeds on dry or acidic surfaces and substrates
- Temperature resistant to 121°C

Part No.	Size
40104	3 g tube
40140	20 g bottle

40140

404™ INDUSTRIAL ADHESIVE

- General maintenance and repair
- Excellent for rubber bonding
- Clear

Part No.	Size
46551	1/3 oz. bottle
46548	4 oz. bottle

46551

411™ CLEAR TOUGHENED INSTANT ADHESIVE

- Clear
- Excellent impact and peel strength in gap filling applications
- 3 g tube
- Part No. 41104.

422™ INSTANT ADHESIVE

- General purpose adhesive
- Transparent, colourless, high viscosity, ethyl-based instant adhesive
- Suitable for metals, rubbers, plastic, and polyolefins in combination with Primer 770
- Fixture time of 20 – 40 secs
- 28.3 g bottle
- Part No. 42250.

454™ INSTANT ADHESIVE GEL

- General purpose adhesive
- Rapidly bonds wide range of materials including metal, plastic, and elastomer
- Suitable for porous materials
- Clear gel prevents flow on vertical surfaces
- 0.14 oz. bottle, QUICKTITE® Format
- Part No. 39202.

495™ INSTANT ADHESIVE

- Designed to bond rubber, metal, and plastic parts with gaps to 0.004"
- Clear

Part No.	Size
49550	1 oz. bottle
49504	3 g tube

49550

454™ SURFACE INSENSITIVE GEL INSTANT ADHESIVE

- Designed for the assembly of difficult-to-bond materials which require uniform stress distribution
- Particularly suited for bonding porous or absorbent materials
- Formulated for faster cure speeds on dry or acidic surfaces and substrates
- Temperature resistant to 121°C

Part No.	Size
45404	3 g tube
45440	20 g tube

45440

EA 0151™ EPOXY

- General purpose, thixotropic paste epoxy with a 60-minute work life
- Allows for extended adjustment time
- Recommended substrates: Glass, metals, circuit boards, fibre optics and many plastics
- Requires part #98472 gun to dispense
- 50 mL "A" dual cartridge
- Part No. 83069.

EA 445™ FAST CURE EPOXY MIXER CUPS

- Sets in 5 to 15 minutes
- Gap filling
- Bonds metal, plastic, and wood
- Sandable and paintable finish
- Chemical resistant
- High service temperature
- 0.12 fl. oz. cups
- Pack of 10 cups
- Part No. 21425.

AA 330™ NO-MIX ADHESIVE

- Multi-surface, general purpose, high viscosity, two step acrylic structural adhesive
- No mixing required
- When used in conjunction with Loctite Depend Activator, it fixtures in 5 minutes to provide a tough, durable bond on a wide range of materials, including metal, wood, ferrite, ceramic, and plastic

1690727

Part No.	Kit Contains
1690727	25 mL syringe adhesive, 25 g aerosol can activator
1691005	250 mL tube adhesive, 4.5 fl. oz. aerosol can activator

HY 4060 GY ADHESIVE

- Two component, general purpose structural adhesive that provides a high strength combined with fast fixture at room temperature
- Provides good temperature and moisture resistance which also makes it suitable for applications in high temperature/humidity environments
- It is designed to bond a variety of substrates including metals, most plastics and rubbers
- This product is ready-to-use and can be dispensed directly from the pack without additional equipment
- The two coloured components allow for indication of proper mixing
- 25 g dual cartridge
- Part No. 2267079.
