UL/CSA LISTED SUPPORTS & ENCLOSURES

GARD-N-POST™

Arlington's **Gard-N-Posts™** are the attractive, safe and easy way to install light fixtures and devices outdoors!

We offer a variety of styles, from 9" to 73" tall that function as supports or enclosures – or both!

Made of non-metallic, heavy-duty plastic, our damage-resistant Gard-N-Post holds up against abuse from lawn maintenance equipment.

Most have built-in stabilizers that deliver rigid support and require no assembly. The angle-cut at the bottom allows for easy access to underground wires (Not applicable to GPD9 deck/post mount style or the GPLN15GR low profile support.)

Plus, the colorant runs throughout the post, so there's no chipping or loss of color.

For added convenience, **GP19**, **GP26** and **GP37**, our most popular sizes, come with a supplied separator so you can install power and low voltage outlets in the same post.

Some styles come with a metal grounding bushing in place, ready for the installation of an NPT fixture. And some have KOs that make them UL Listed enclosures.

**Whatever your need,
there's a Gard-N-Post to fit!**

Four
permanent
colors.
No chipping!

GP19 • GP26 • GP37
One post.
Two openings.

SUPPORT POST WITH PAGODA LIGHT FIXTURE

GPBK28 28"

GPBK35 35"

- Perfect for decks, boat docks and concrete walkways
- Square pagoda-style light fixture matches the Gard-N-Post's shape
- Standard lamp socket in the fixture accommodates a variety of lamp types
- Back-to-back openings in the post, and the low-voltage separator give you the option of installing power in one side, and low-voltage in the other or high voltage devices in both
- Two combination KO plates provide a UL Listed enclosure
- Non chipping colors: black, bronze
- Low cost bollard in two sizes!
- Easy installation—includes everything you need to install it, except anchor bolts and caulking

Metal Support Post

1 Attaches easily to surface

2 The non-metallic Gard-N-Post slides over the metal support post as shown at right.

Both posts are held firmly in place with the supplied screws (see above).

28" or 35" Non-metallic Gard-N-Post

Easy to install!

Decorative Curb

Gard-N-Post

3 Place decorative curb over Gard-N-Post. Slide it down to cover the installation.

Spacer

4 Press fit spacer to base of lamp.

5 Install pagoda light to post with locknut *inside* the top of the post. Wire fixture.

Recommended anchors (not included): Concrete: (4) 3/8" x 2-1/2" Tapcons®
Cast-in-place concrete: (4) 3/8" anchor bolts • Wood deck: (4) 3/8" anchor bolts w/ nuts & washers

Bollard Kit 28" and 35" Heights

CATALOG NUMBER	UPC/DCI/NAED MFG. #01 8997	COLOR/HEIGHT	UNIT PKG	STD PKG
