

# LB120

**UPC Code:** 07847781450

**Country Of Origin:** Mexico

## Brand Features

Leviton Circuit Breakers provide overload and short-circuit protection and feature an all plug-on design. All hot and neutral wires terminate at custom lugs in the panel, not at the circuit breaker\*, so the entire panel can be wired at rough-in without circuit breakers installed. Branch circuit breakers are easily plugged-on at final installation. Circuit breakers also feature color indicators in the handle to easily see operational status at-a-glance.

*\*For applications up to 60A when using copper wire; or 50A when using aluminum wire*
