# Door stay for escape routes for TS, SE, PC – TS 4583.500

created: 25.05.2018 build on [www.rittal.com/us-en](http://www.rittal.com/us-en)

## Product description

**Description:** In case of emergency, a conventional door stay may block a potential escape route. This stay is automatically released when pressure is applied, the door can be opened in both directions. When used in conjunction with 180° hinges, this door stay ensures a clear escape route in the event of emergency.

**Supply includes:** Assembly components
