

Decora Smart® Tamper-Resistant Outlet with Wi-Fi Technology

Engage home vs. away to enact randomization of lighting control, providing a lived-in appearance. Typical applications include switching of lamps, portable fans, kitchen appliances, indoor fountains, holiday lighting, and more.

Create schedules around your lifestyle, control from anywhere with the My Leviton app, or use your voice to turn on and off.

AMAZON ALEXA VOICE CONTROL

Compatible with Alexa so that you can turn on & off your connected devices with your voice. "Alexa, turn on the living room lamp."

GOOGLE ASSISTANT VOICE CONTROL

Works with the Google Assistant. "Ok Google, turn the living room lamp on".

WORKS WITH IFTTT (IF THIS THEN THAT)

Use the free IFTTT service to connect your My Leviton devices with other Internet Of Things (IoT) enabled devices & services to create a smarter home automation experience.

WORKS WITH SCHLAGE

Use the My Leviton app to connect to your Schlage Encode™ Smart Wi-Fi Deadbolt and trigger lighting scenes based on lock activity. Make certain you never walk into a dark home when you arrive and make sure select lights are turned off when leaving.

BENEFITS

- Control lights and plug loads from anywhere using the free My Leviton app for iOS and Android, no hub required
- Amazon Alexa products provide voice control: "Alexa, turn on living room table lamp".
- Works with Google Assistant for voice control. "Ok Google, turn the bedroom table lamp On".
- Integrate with IFTTT for additional third-party functionality
- Automatically turn outlet off after pre-programmed period of time
- Turn LED on to show status, or to find in the dark, or off all the time

APPLICATIONS

Connect your plug-in lamps, holiday lighting, and small appliances to the top "Controlled" outlet, while the bottom "Powered" outlet remains always on. The DW15R features tamper resistant receptacles with built-in shutters to prevent the insertion of unintended foreign objects. As well, the integrated button with vanishing feedback LED provides manual push-button on/off control and clear indication at any time.

Simplify control of the residence - schedule lamps and connected loads to turn on/off at specific times or based on sunrise/sunset, easily group smart devices into rooms, and create scenes to activate multiple loads at once. Utilize the auto-shutoff feature as a countdown timer in closets, hallways and bathrooms.
