## Features

### Body

Durable polycarbonate body and included nine buttons to cover most common functionality.

### Radio Frequency

Wi-Fi 2.4GHz radio.

### Easy Installation

The remote is assigned to a particular room in the WIZ App to control any OnCloud and WIZ Connected lights in the assigned room.

### WiZ App

The remote can be configured via the WIZ App (works with iOS and Android) from anywhere.

### Control

The remote sends Wi-Fi broadcast signal directly to the OnCloud and WIZ Connected lights. Control parameters include, turning lights ON/OFF, brightness adjustment, switching

to night light, and selecting from 4 favourite light modes (favourite modes are reconfigured/assigned using the WIZ App).

### Operating Temperature

-10°C~50°C (14°F~122°F)

### Environment

- Dry locations only.
- Suitable for indoor use only.

### IMPORTANT NOTES

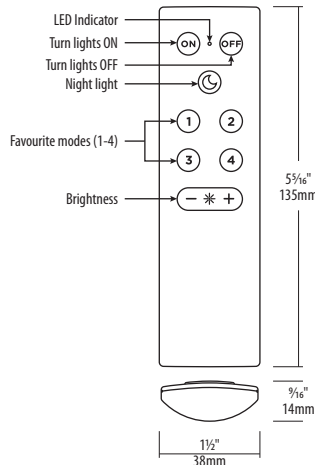

- Compatible with OnCloud and/or WIZ Connected fixtures only.
