

Smart Lighting

from the radiant® collection

 legrand®

Control lights and power from anywhere.

Just ask

"Alexa turn on the lights" or use any smart device to turn lights on for you.

Take comfort

in knowing your home is secure, even when you're away.

Live easier

with lighting that works on your schedule, adjusting for every mood, time of day, or task at hand.

Connect More

Connect your smart light switches with other smart devices in your home.

Enjoy the hands-free control of voice command with Amazon Alexa or Google Home. And, by connecting Smart Lighting with these home assistants, gain easy control of lights alongside other compatible smart devices: "Hey Google, turn off all lights and lock the front door."

Simply Replace Existing Switches

1 Turn off breaker

2 Remove existing switch

3 Install Smart Switch

4

Connect to the app – download the Smart Lights app and scan the code on your smart switch/dimmer to connect the device to your app. Smart Lighting connects directly to your home Wi-Fi for fast, easy setup of one or multiple rooms.

Featured Products

Smart Switches

Easily replace standard switches with the Smart Switch to allow convenient control of lights from anywhere. Works in single pole and 3-way applications.

Smart Dimmers

The Smart Tru-Universal Dimmer works with any 120V dimmable bulb for perfect dimming — every time. Works in single pole and 3-way applications.

Smart Outlets

The tamper resistant Smart Outlet replaces standard 15 amp outlets for safe, easy plug load control. One outlet is Wi-Fi controlled, the other is always on.

Smart Plug-Ins

Simply plug in to allow wireless on/off control with no installation required. Available in switch or dimmer.

Smart Outdoors

Wirelessly control outdoor outlets by simply plugging in, with GFCI protection for safety outdoors.
