

200A Incoming, 200A per Position

Now Available as Right Entry!

Our single phase, three wire, 4 jaw meter sockets now come in a new version, to facilitate both overhead utility entry, and underground utility right side entry (the old product was left entry only, limiting the applications of use). They are available in two styles; Compression lugs (2K2RE), and 1/2" Stud type (2KU2CLXRE) for underground only. Bottom, and side KO's can accommodate up to 3" Conduit.

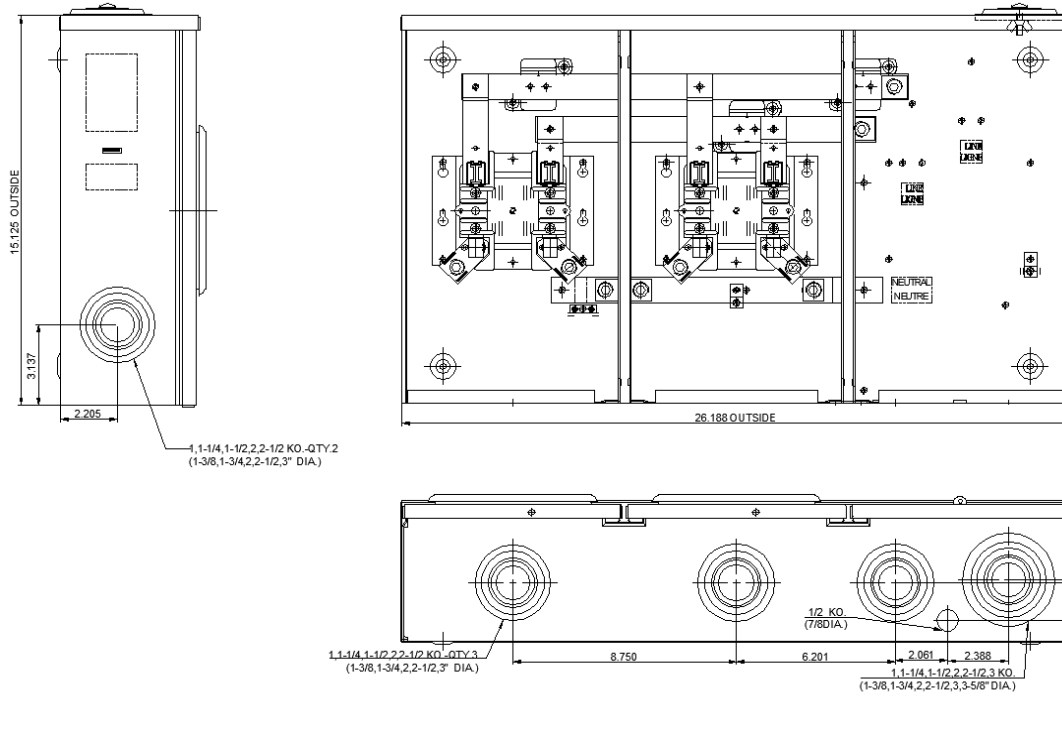

2K2RE shown
