Max. sealed suction	5.4kPa
Max. air volume	1.4 m <sup>3</sup> /min
Tank capacity	500mL
Suction power	Max: 38W / High 23W / Normal 5W
Continuous Runtime (Max) 6.0Ah)	40 minutes
Skin weight	1.6kg
Weight (with battery)	2.2kg
Voltage	18V

# Advantages

## Performance

Compact & lightweight housing design optimised for cleaning car interior

## Control

3 stage power selection (Normal / High / Max)

## Versatility

2in1 vacuum and blower

## Efficiency

Various nozzles included to perform a variety of cleaning tasks
