

SolderM8

SolderM8 is an Electricians best Mate

An amazing little gadget created by an Electrician for Electricians. It makes soldering LED strip lights so easy even your most inexperienced apprentice will conquer the skill in no time. You can now provide a high quality, durable finish on full lengths of LED strips in a fraction of the time – it will cut your costs and up your profits. For these reasons SolderM8 is now fast becoming an essential in every professional Electrician's toolbox.

What it Does

The magical underside sticks to flat or textured surfaces at every angle, even upside down. Insert the wires and it holds them in place firmly while you dab on solder and hey-presto the job is done and you move on to the next joint quickly, cleanly and easily.

Part #SM802

JET LEVEL

This convenient and strong pocket level comes with 4 precision vials of 0, 30, 45, and 90 degrees.

FEATURES:

- CNC milled from 6061 aluminum extra large "VD" groove, straddles up to 10" diameter

- Water and shock resistant

Part# 45404

Breaker Lok

Secure any circuit breaker in the ON Position with ease!

- Universal lock fits most breakers & standard toggle switches.
- Set screw and rigid leg prevents lock from slipping off breaker.
- Reusable & corrosion resistant.

Part# 75000 - 5 Pack

TrunkTie

What is Trunktie?

Trunkties are a simple solution designed to hold, hang, or tag things in position relative to an unpopulated port. Their most common use is to hold tags for identifying network ports, but our customers have found countless creative applications for their use.

How it works

Trunkties plug into an unused port, providing a flexible cable that secures into a multipurpose loop. That's all, it's that simple.
