

Anchor, Pole Key, 276 sq-in

by CHANCE Utility
Catalog ID: P4817

Expanding Pole Key Anchor.

- Used to reinforce poles in soft soils where the load is unbalanced and the pole must resist the load.
- Used in situations where guys and guy anchors are not practical.
- Anchors are painted with a black paint

* Representative image

Product Details

General

Coating	Black Paint
Strength Note	The lateral load and overturning moment which can be resisted depends on the height of the load above ground level, the depths of the two opposing Pole Keys and the allowable lateral deflection of the pole at ground level.
Type	Earth Tension Anchors
UPC	096359050322

Dimensions

Anchor Size when Fully Expanded	276 in ²
Rod Diameter - Order Separately	0.750 in
