

400A Transformer Rated Meter Socket

TCC5-H1

Approved by Utilities Across the Country!

The TCC5 family of meter sockets come in a 3R outdoor rated enclosure suitable for overhead or underground applications. A unique two cover design complete with provisions for padlocking & sealing provide a high level of security and prevent tampering. 5 jaw configuration with an automatic shorting device in the left position comes standard. Each model comes with integral provisions for a test switch and current transformer, both of which are available to be factory installed.
