

# Plug on neutral Generator Panels

**CBRPM236GEN**  
(with cover)

**CBRPM236GEN**  
(without cover)

## New Plug on Neutral Version!

A new version of our single phase, three wire, switch neutral generator panels is now available! The branch breaker section across from the generator breaker is now ready to accept Plug-on neutral breakers. Along with added adaptability, we have other note-worthy features such as the backed out neutral and ground screws, common drive types, a rigid spine cover and improved twist-outs, to name a few.

| Description        | Catalogue Number        |
|--------------------|-------------------------|
|                    | CBRPM236GEN             |
| Voltage (V)        | 120/240V                |
| UPC                | 621037004917            |
| Bus Rating         | 200A                    |
| Generator Breakers | 60A                     |
| Switch neutral     | Yes                     |
| CSA Listed         | Yes                     |
| Enclosure          | EEMAC 1                 |
| Size (Inches)      | 49.00" x 14.38" x 3.88" |
