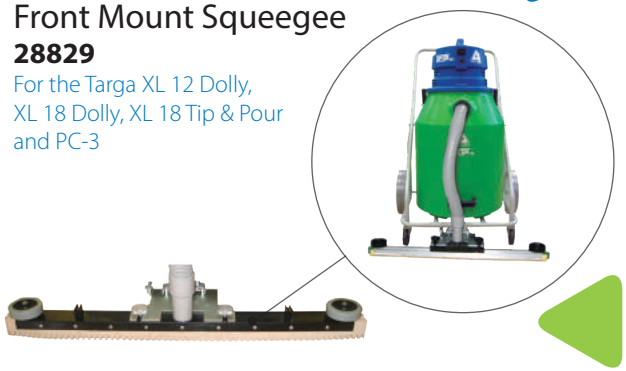
Front Mount Squeegee

28829

For the Targa XL 12 Dolly, XL 18 Dolly, XL 18 Tip & Pour and PC-3



- Front Mount Squeegee system picks up water faster than a hose and wand. Maneuvers right up to the wall and into corners, picking up in forward and reverse motions.

PC-3 Series

Dustbane's PC-3 offers the greatest performance, allowing the quickest recovery of difficult materials in industrial settings. For even bigger jobs, use the PC-3 head on a standard open drum with a diameter that does not exceed 24" (61 cm), using a conversion kit. An air seal gasket forms a positive lock between the motor head and tank. Ideal where bulky materials are to be recovered.
