

Carpet Cleaners

A “stain” is a “spot” that was not removed in time. To remove a stain, simply blot it, work from the outside in, rinse thoroughly with clean water, then blot again. Never scrub the carpet, or you risk ruining the carpet fibers or letting the spill soak through to the carpet pad.

Eco-Expert

Carpet Cleaner

This neutral pH formula can be safely used on all stain resistant and colorfast carpets; works well with all Dustbane spot and stain removers. The blend of very low foaming surfactants will not clog vacuums, and allow recovery tanks to be completely utilized. Contains no phosphates. Certified UL 2795
